Use **Innovative Teaching Tools** to Engage Students and Improve Learning through Differentiated Instruction!

NewPath's unique online learning solution is a standards-based curriculum mastery and assessment preparation program aligned to Common Core and current state standards. It allows teachers to easily **assess, instruct, present** and **assign** ready-made lessons and activities, and **track** and **report** student progress. Additionally, NewPath provides **innovative authoring tools** and **templates** to develop **customized, interactive lessons** and **activities** for differentiated instruction. You can save the lessons you create and even share your lessons with your colleagues! It's the perfect resource for use in the classroom on Interactive Whiteboards or for individual student instruction on any computer.

*NewPath's online learning system is currently being used by thousands of teachers and their students due to the fact that it is –*

- **Standards-Based** with alignment to the Common Core Standards as well as the most current national and state benchmarks.
- **Comprehensive** with ready-to-use lessons, activities and assessments covering grades 1 – High School Science, Math, Reading/ELA and Social Studies.
- **Adaptive** and can be customized to meet the differentiated learning needs of your students.

- **Easy-to-Use** due to its intuitive design, online tutorials, illustrated help screens and toll-free technical support.

- **Effective** with proven results and endorsements from educators across the country! Here's what one educator said after using NewPath's curriculum materials –

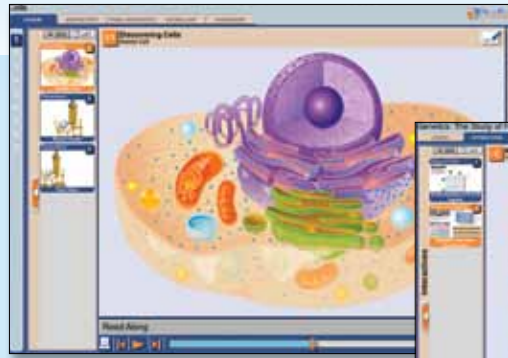

*“We increased from an overall ELA passing rate of 67.6% to **76.6%**. Our overall passing rate in Math increased from 67.5% to **81.5%**!”*

# Create, Present, Assign, Track, Save & Share Interactive, Multimedia Lessons

**Access** NewPath's vast library of ready-to-use curriculum resources featuring:

- A comprehensive curriculum of ready-to-use **Multimedia Lessons** for Middle – High School Life Science/ Biology, Human Body, Earth Science and Physical Science. Each lesson includes **animated/narrated lesson presentations, interactive activities, virtual labs, vocabulary exercises** and standards-based **assessments**.

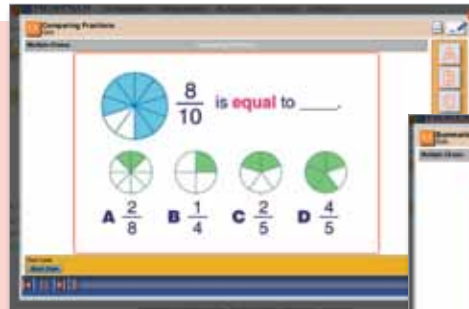

*animated presentations*

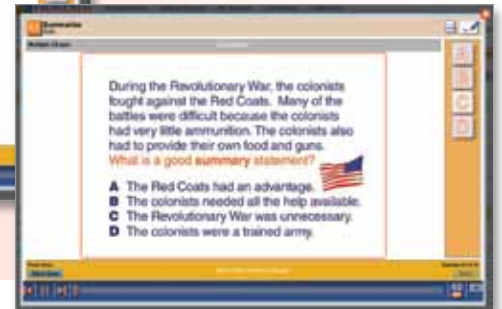

*virtual labs*

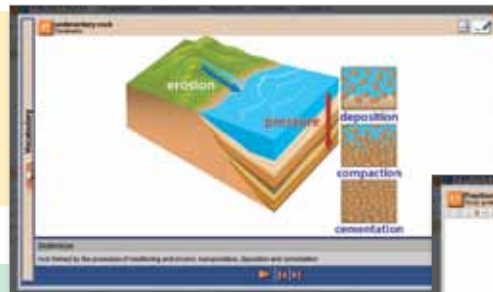

- **35,000+ Standards-Based Assessment Preparation Questions** covering grades 1 – 12 Science, Math, Reading/ELA and Social Studies. These illustrated questions can be accessed by grade, subject, topic and curriculum standards and used to create customized **Quizzes, Interactive Flash Cards, Worksheets** and **Games!**

*assessment questions*

- **2,000+ Interactive Science Vocabulary Terms** which can be used as stand-alone activities or incorporated into any custom multimedia lesson.

*vocabulary terms*

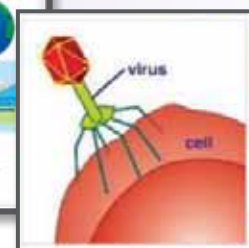

*study guides*

- **1,000+ Illustrated Study Guides**, each providing a graphic overview of a key curriculum topic for grades 1 – 12 Science, Math, Reading/ELA and Social Studies. These guides can also be accessed by grade, subject, topic and curriculum standard.

- **10,000+ Illustrations/Photographs** which can be used to develop your own lesson presentations, glossary, slide shows, study guides, and assessment questions and activities.

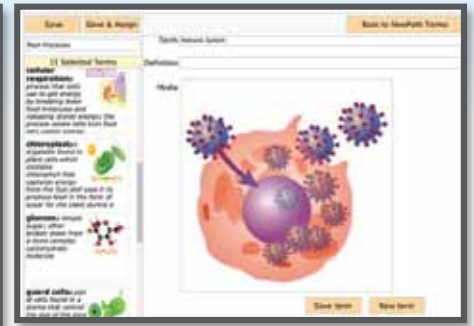

*illustrations*

**Create & Present** – Use the built-in templates and tools to author your own curriculum and create customized interactive lessons with the following learning resources:

- o **Multimedia Presentations**
- o **Quizzes**
- o **Flashcards**
- o **Worksheets**
- o **Games**
- o **Study Guides**
- o **Illustrated glossary**

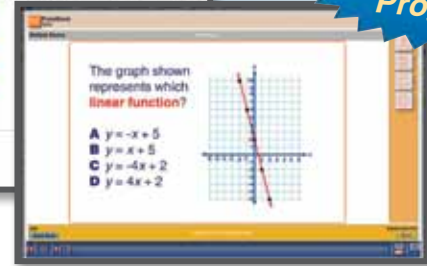

You can even upload and incorporate your own curriculum resources into any custom lesson such as PowerPoint presentations, documents and other teaching resources; or incorporate multimedia resources from the Web, including resources from *YouTube*, *Flickr*, *Kahn Academy* and elsewhere; or those available in NewPath's extensive library of standards-based content.

- **Assess** – Create proficiency exams to assess student aptitude in core academic areas in order to identify strengths, weaknesses and opportunities to improve curriculum, instruction and learning outcomes.
- **Assign** – Assign any lesson or learning activity to your classes or individual students for access in class, at home or the library! The system features an innovative online lecture/presentation and assignment calendar with easy-to-use scheduling capabilities.
- **Track** – Use NewPath's unique classroom management system to create classes, add students and monitor performance through customized grade books which feature automatic grading and reporting.
- **Save** – Archive your lessons at no cost on NewPath's web-based storage system for use later in the semester... or in the years to come!
- **Share** – Use NewPath's online community to share the lessons you've created... or access those created by other educators across the country and around the world!

**Assess & Track Student Progress!**
