Fisher Scientific Facility and Lab Safety

Dear Valued Customer,

Thank you for choosing the Fisher Scientific channel as your destination for safety products and services. Whether you work in a production facility, warehouse, or laboratory, we want to help you and your organization **protect what matters most**.

On the following pages, you'll find a sampling of products and services from our key supplier partners to assist you and your team. Regardless of your industry, we'll help you maintain compliance in the areas of quality, health, safety, service, and the environment.

Our complete product portfolio is available online at fishersci.com or fishersci.ca. For further assistance, please reach out to our Fisher Scientific safety specialists to leverage their extensive experience and find the products you need with ease.

And now, we invite you to explore our safety portfolio as you **prepare, prevent, protect, and respond** to the needs of your work environment. As always, we're glad you're here and we look forward to working with you.

With appreciation,

Angela N. Hokanson

Vice President and General Manager

Air and Gas Detectors

Dräger™ accuro™ Bellows Pump with Hardside Kit

Allows easy measurement of more than 350 gases, vapors, and aerosols, including formaldehyde.

- Provides a means of direct, onsite measuring
- Uniform, even pump stroke of 100cm³
- Convenient, built-in stroke counter and recessed reset button
- Ergonomic design and corrosion-resistant construction
- For use with accessory extension hoses for remote sampling
 - 10 ft. (3m), 17-988-413; 33 ft. (10m), 17-988-414; 49 ft. (15m), 19-453-030
- Designed and manufactured using ISO 90001:2008 certified processes
- Tubes sold separately

Includes	Mfr. No.	Cat. No.	Quantity
accuro Pump, Deluxe Tube Opener, Pack of Rubber Caps for Tubes, Screwdriver, Allen Wrench, Spare Parts for the Pump, and Hard Plastic Carrying Case	4056443	19-046-750	Each

Use catalog number 17-988-409 to order in Canada.

Dräger™ Short-Term Detector Tubes

Filled with an inert reagent carrier material and an indicating reagent.

- Reagent produces a colorimetric indication in the presence of a particular gas, vapor, or aerosol
- Concentrations can be read directly from the color change on the tubes' printed scale
- Hermetically sealed
- Most have a two-year shelf life (when stored at room temperature)
- Available in packs of ten

Note: Some tests require a pre-tube or comparison tube in addition to the detector tube. These tubes are included in the box of 10, thus reducing the number of detector tubes.

Dräger Tube	Measurement Range	Mfr. No.	Cat. No.	Quantity

MSA™ ALTAIR™ 5X Multi-Gas Detector

Monitors up to six gases simultaneously.

- MSA™ Link™ software
- Compatible with Galaxy GX2 Test System and MSA™ LinkPro™ software
- Bluetooth™ technology included
- Ideal for confined space monitoring
- Sensors also available for Cl₂ and NH₃
- Durable, rubberized housing for secure grip
- Battery lasts up to 20 hours
- High-contrast monochrome or color display
- Plug and play capabilities for easy reconfiguration
- Manually alert others to potentially hazardous situations
- Offers faster response and span calibration times

Compliance: IP65 rated. **Approvals:** Class I, Division 1, Groups A, B, C and D; Class II Division 1 Groups E, F and G; Class III Division 1.

Warranty: Three years on detector, CO, H₂S, O₂, LEL and SO₂ sensors.

U.S. Only

MSA™ ALTAIR™ 4XR Multi-Gas Detector

Provides real-time incident awareness when paired with the ALTAIR™ Connect app via Bluetooth™.

- Senses gas two times faster than the industry average
- Quickly updates via the ALTAIR Connect app (available on the Google Play Store)
- Faster response and span calibration times
- Sends event notifications via text message
- Can survive an incidental 25-foot (7.5m) drop onto concrete
- Operating temperature range: -40° to +140°F (-40° to +60°C)
- Four-year instrument and sensor warranty

Compliance: Class I Division 1 Groups A, B, C, and D; Class II Division Groups E, F, and G Class III.

Altair 4XR Multi-Gas Detector	LEL, O ₂ , H ₂ S, CO	10178557	19-141-472	Each

MSA™ GALAXY™ GX2 System Test Stand

Provides simple and intelligent testing and calibration of MSA gas detectors.

- Offers high performance as a standalone unit or an integrated portable detector
- Low-calibration gas volume, expiration warnings, and test stand status
- Can be tested, calibrated, and charged automatically
- Color touch screen for ease of setup and viewing
- Simultaneous testing of up to 10 instruments
- Optimized for use with MSA's X-Cell™ sensors
- 18 languages available
- Ethernet cable for connection between test stands

Certification: ISO 9001:2000.

APR Respirators and Cartridges

3M™ Ultimate FX FF400 Series Full-Facepiece Respirator

Engineered for maximum comfort, durability, and visibility.

- Exclusive Scotchgard™ Paint and Stain Protector helps liquids bead up on lens surface for easy cleaning
- Large lens for excellent visibility and a wide field of view
- Silicone facepiece for comfort, durability, and ease of cleaning
- 3M™ Cool Flow™ Valve makes breathing easier and provides cool, dry wear
- Passive speaking diaphragm enhances communications
- Bayonet cartridge connection

Alerts: These safety products must be used in accordance with OSHA regulations and user instructions and warnings and limitations accompanying each product. Misuse may result in sickness or death.

Size	Mfr. No.	Cat. No.	Quantity
Small	FF-401	19-177-855	Each
Medium	FF-402	19-177-856	
Large	FF-403	19-177-857	

3M™ 6000 Series Cartridges/P100 Particulate Filters

Used for contaminant concentrations up to 10X the Permissible Exposure Limit (PEL) with half facepiece respirators, or 50X the PEL with full facepiece respirators.

- Not for use in atmospheres that are unknown or immediately dangerous to life or health (IDLH)
- 99.97% efficient against solid and liquid aerosols (including oils)

Alerts: Do not exceed maximum use concentrations established by regulatory standards. These safety products must be used in accordance with OSHA regulations and user instructions, and warnings and limitations accompanying each product. Misuse may result in sickness or death.

Barricade Tapes

Brady™ Barricade Tape

Quickly warns of danger.

- Non-adhesive B912 polyethylene
- For temporary outdoor or permanent indoor applications
- Lightweight
- Can be tied, stapled, or nailed to posts, fences, or metal barricades

Message	L x W	Mfr. No.	Cat. No.	Quantity
"Caution Biohazard"	200 ft. x 3 in. (61m x 7.6cm)	91447	19-140-997	Each

Brady™ Re-Pulpable Barricade Tape

Provides on-the-spot warning of potential dangers.

- Bright color for visibility
- Biodegradable cotton material

Message	L x W	Mfr. No.	Cat. No.	Quantity
"Caution"	135 ft. x 2 in. (41m x 5.1cm)	91082	19-104-299	Each
"Danger Do Not Enter"	150 ft. x 3 in. (45.7m x 7.6cm)	91089	19-104-305	

Right-to-Know Labels

Brady™ RTK Pictogram Labels

Effectively convey personal protection instructions and special precautionary information.

- Made from premium-grade B946 vinyl
- Sized to fit standard right-to-know labels
- Correspond to ANSI proposed Z.535 standards
- Card-mounted for easy removal

Size (W x H)	Mfr. No.	U.S. Cat. No.	CA Cat. No.	Quantity

Spill Control and Containment

NPS Corp. Spilfyter™ Chemical Classifier Strip Kits

For identifying unknown spills.

- Quickly assist responders in classifying spill for proper treatment
- Show responder whether an unknown spill contains critical levels of these categories: acid/base, oxidizer, fluoride, petroleum/organic solvent, iodine/bromine/chlorine
- Classifier chart compares sample colors to standard color
- Recommended for all emergency response teams
- Used in sewers, at construction and accident sites, storage facilities, and more
- Includes: Chemical classifier strips, polypropylene thread, laminated chemical classifier chart, carrying tube

Description	Mfr. No.	Cat. No.	Quantity
Classifier Kit	570001	19-021-915	Each
Classifier Station	571020	19-065-569	

Brady™ SPC™ SpillFix Granular Absorbents

Produce no carcinogens or dust.

- Made of 100% recycled material
- Perfect for indoor and outdoor use
- Effectively absorb hydrocarbons, water-based fluids, and most aggressive chemicals
- Certified safe for landfill disposal
- Ideal for smaller spills and tight spaces

Compliance/Certifications: OSHA 29 CFR 1910.22(a)(2); EPA 40 CFR 112.7(c)(1)(vii); OSHA 29 CFR 1910.120(j)(1)(vii).

Size	Sorbing Capacity	Mfr. No.	Cat. No.	Quantity

Fisherbrand™ Steel Chemical Spill Cabinet

An effective spill response solution.

- Easy-to-use kit
- Easily accessible for emergency spill situations
- Includes: Five pads, six socks, one bag particulate, one dust pan, two disposal bags, one pair of nitrile gloves, goggles, instruction sheet

Compliance: OSHA 29 CFR 1910.22(a)(2); EPA 40 CFR 112.7(c)(1)(vii); OSHA 29 CFR 1910.120(j)(1)(vii).

fisherbrand™

Brady™ Re-Form™ Granular Industrial Absorbent

Ideal for spill cleanup, lab packing, and stabilization of free liquids.

- Made from 100% recycled material
- Loose, multi-purpose absorbent
- Highly versatile
- Picks up water-based, petroleum-based, and non-aggressive chemical fluids
- Safe for the environment and employee use
- 1:1 absorbency ratio

Sorbing Capacity	Size	Mfr. No.	Cat. No.	Quantity
16.7 gal. (63.2L)	30 lb. (13.6kg)	RFGRANULAR	17-111-080	65/Case

Brady™ DZ Corncob™ Granular Absorbent

Absorbs cutting oils, grease, water, and other liquids.

- Ideal for spill cleanup, lab packing, and stabilization of free liquids
- Loose, multi-purpose absorbent
- Picks up water-based, petroleum-based, and non-aggressive chemical fluids
- Perfect for aircraft maintenance, machine shops, food processing, filling lines, and bulk liquid transfer stations
- Not for use with aggressive fluids

Justrite™ Quickberm™ Spill Containment Systems

For drums, buckets, and leaky equipment.

- Provide dependable spill control for leak-prone containers and equipment
- One-piece construction, quick and easy setup, no assembly required
- Quick response under emergency spill conditions
- Durable PVC-coated fabric for long-term UV exposure and outdoor use
- Withstand a broad range of chemicals, including petroleum and most acids

Compliance: Comply with EPA for containment and spill prevention (SPCC).

Youngstown Barrel & Drum™ Ultra-Spill Berm™

Helps contain or divert larger volume spills.

- For spill response, temporary secondary containment, and sealing off doorways during washdown operations
- Flexible polyurethane construction
- Non-absorbent and chemical-resistant
- Easily cleans with soap and water for repeated use
- Ultra-Spill Berm Plus (19-130-4976) features built-in connectors allowing multiple 5 ft. (1.5m) units to be quickly and easily connected
- Requires connectors and corners to connect 10 ft. (3.1m) sections and to make 90° corners (sold separately)

Compliance: NPDES, SPCC.

Certification: Available upon request.

Warranty: Available upon request.

Eagle™ Drum Containment Pallets and Platforms

Contain spills and overflows of hazardous materials, keeping floors contamination free.

- Grating removes easily for cleaning
- Solid polyethylene construction
- Excellent chemical resistance
- Consist of translucent yellow tub and black grating with 1.75 in. (4.4cm) square openings
- Pallets can be lifted with a forklift

Compliance: Meet U.S. EPA requirements for Secondary Spill Containment of Hazardous Materials 40CFR264.175.

Youngstown Barrel & Drum™ Modular IBC Spill Pallets™

Connect together, allowing spills to be channeled throughout the containment system.

- Utilize patented UltraTech™ Cross of Life system to prevent buckling of polyethylene sidewalls
- No metal parts, eliminating rust and corrosion
- Excellent chemical resistance to a variety of chemicals, including acids, solvents, and oils
- Components may be purchased separately to allow users to build custom configurations for indoor models
- When five or more pallets are connected, an expansion tank is not required to meet spill containment regulations
- Include: Bulkhead fittings to connect spill pallets and/or 65 gal. (246.1L) expansion tanks
- Require: Assembly kit (19-160-0133) which includes hole saw, arbor, and set of two tightening tools

Compliance: 40 CFR 264.175, SPCC, EPA (75 gal.), 40 CFR 264.175, 264.177(c) and 265.177(c). (355 gal.)

Certification: Available upon request.
Warranty: Available upon request.

Youngstown Barrel & Drum™ Ultra-Recycled Overpack

Offers excellent chemical resistance against acids, caustics, and corrosives.

- Made from low-density polyethylene
- Directs containment and transport of hazardous solids
- For damaged or leaking packages, soiled sorbents, cleanup of contaminated sites, emergency response
- Made with 100% recycled materials

Compliance: UN, 1H2/Y345/S/11/USA/M5904, 49 CFR 173.3.

Certification: Available upon request.

Warranty: Available upon request.

Fisherbrand™ Universal Absorbent Socks

Help control and contain the spread of fluids around equipment and in the facility.

- Wrap around machinery and conform to uneven surfaces
- Prevent leaks from reaching walkways
- Pick up water-based, petroleum-based and non-aggressive chemical fluids
- Dimpled for added durability and reduced linting
- Gray polypropylene

Compliance: OSHA 29 CFR 1910.22(a)(2); EPA 40 CFR 112.7(c)(1)(vii); OSHA 29 CFR 1910.120(j)(1)(vii).

Ampco Safety Tools Shovel

Perfect for corrosive environments, including laboratories, and acid, salt water, and chemical processing facilities.

- Non-sparking, non-magnetic, and corrosion-resistant
- For use with combustible vapors, liquids, dusts, or residues
- Aluminum bronze shovels shown in picture

Certification: FM approved.

Warranty: Lifetime warranty with proper use. If a tool breaks or fails to perform under normal use or service, it will be repaired or replaced at no charge. Exceptions include defects resulting from misuse, abuse, or normal service wear.

Nilfisk™ GD10 Backpack Vacuum

Designed with comfort and ease of use in mind.

- Incredibly powerful and equipped with a variety of features for fast, effective cleaning in a variety of industries
- Lightweight, ergonomic design to reduce fatigue
- Low noise level for operator comfort
- Safely collects hazardous materials, trapping 99.99% of particles down to and including 0.3 microns
- Directs exhaust upward and away from operator

Compliance: HEPA Filter Declaration of Conformity.

Certification: ETL Interlock Listed for both Canada and U.S. File #3057133.

Warranty: Two years (parts and labor).

Alerts: The GD10 Backpack Vacuum is not recommended for picking up combustible dust or use in hazardous locations.

Waste Disposal Containers

Justrite™ Standard Aerosolv™ Aerosol Can Disposal System

Punctures aerosol cans, releasing residual liquids and collecting them directly into a drum for reclamation or recycling.

- Minimizes waste volume and handling
- Made of aircraft aluminum
- Renders aerosol cans fully recyclable
- Accommodates a wide variety of can sizes
- Lightweight and portable
- Does not require a power source
- Environmentally friendly
- Cartridges and filters sold separately

Compliance: Helps compliance with EPA regulations 40CFR261.23(a)(6). California – WARNING: Cancer and Reproductive Harm; see www.P65Warnings.ca.gov

Justrite™ Aerosolv™ 360 System

Premium puncturing unit for recycling aerosol cans.

- Eliminates the potential for content spray back, prevents VOC release, and reduces gunk build-up
- Reduces cleanup and minimizes maintenance
- Easy-to-use, intuitive, ergonomic activation wheel
- Ideal for high-volume applications
- Accommodates a wide variety of can sizes, including domed mini, standard, and jumbo
- Lock-out system prevents unauthorized use and tamperproof retention plate secures the unit to the drum
- Includes safety goggles and an antistatic ground wire with alligator clip
- One 55 gal. (200L) drum holds approximately 4000 aerosol cans

Compliance: EPA compliant. Warranty: One year.

SP11FC	19-039-802	Each

Haws™ Emergency Shower/ Eye and Face Wash Station

Designed for easy maintenance, durability, and corrosion resistance.

Model 8330

- 11 in. (27.9cm) stainless-steel bowl and 9 in. (22.9cm) floor flange
- Made of 1.25 in. Type 304 stainless steel
- Eye wash and valve assembly are pre-built and fully water/pressure tested
- Certified by CSA to meet the ANSI Z358.1 Standard for Emergency Eyewash and Shower Equipment

Model 8300-8309

- 11 in. (27.9cm) stainless-steel bowl with eye wash head and integral flow control
- Zero vertical velocity stream with even laminar flow
- Delivers dispersed flow for uniform drenching
- Stainless-steel push flag for eye wash activation and pull rod for shower activation
- Mesh inline eye wash strainer collects line debris
- Pipe and fitting: 1.25 in. (3.17cm)
- Supply and waste: 1.25 in. (3.17cm)

Certification: CSA certified to ANSI Z358.12004.

Haws™ Freezeproof Emergency Station

Ready for emergency use in freezing temperatures.

- Perfect for extreme weather conditions [30°F (34.4°C)]
- Allows for top or bottom water supply
- Pre-built and fully water/pressure tested
- Solid stainless-steel pipe stanchion and galvanized fittings
- Certified by CSA to meet the ANSI Z358.1 Standard for Emergency Eyewash and Shower Equipment
- CSA electrical certified, Type 4

Shower Head

- Equipped with 20gpm (75.7L/min.) flow control

Eye/Facewash Heads

- Operate independently of shower
- Angled to direct soft spray into the eyes and face
- Flip-top dust covers release automatically when water is turned on

Drench Hose

- Operates independently by a chrome-plated brass ball valve

Pipe and Fittings

- Protected by a UV-resistant plastic jacket
- Feature removable polyethylene foam insulation, elastomeric seals, and a stainless-steel pull rod
- Piping stanchion is made of Type 304, Schedule 40 stainless steel

Certification: CSA certified to ANSI Z358.1.

Includes	Mfr. No.	Cat. No.	Quantity
ABS Plastic Feather-Flo™ Eye/Facewash Head, Self-Regulating Heat-Trace Cable, Thermostat Guard, Stainless-Steel Pipe Stanchion, Drench Hose, Emergency Sign	8317CTFP	17-161	Each

Haws™ Tempered Gravity Eye Wash

Ideal for remote locations without access to continuous potable water.

- Uses a heated, insulated blanket to provide ANSI-compliant water in operating temperatures between 30° and 100°F (-1° and +38°C)
- Easily activated by pulling the yellow activation arm to the open position
- Features an FDA-approved, high-density green polyethylene tank
- Wide opening with threaded cap permits easy inspection, cleaning, and filling
- Must be wall hung
- H x W x D: 16 x 24 x 12 in. (36.8 x 55.9 x 25.7cm)

Warranty: One year from ship date (limited).

Floor Mats

**Wearwell™
Lab Mats**

Provide durability and excellent cushioning support.

- For use in dry work areas
- Relieve overall body fatigue
- 0.08 in. (0.2cm) thick virgin vinyl permanently bonded to 0.38 in. (1cm) thick moisture-resistant, closed-cell sponge base
- Tough, non-porous surface resists abuse even in the most heavily used work areas
- Resist breakdown when exposed to most laboratory and industrial chemicals
- Beveled edges prevent tripping and falling

Warranty: Three years.

Gas Cylinder Supports

**Justrite™
Gas Cylinder
Support Bracket**

Provides a quick and easy solution for storing gas cylinders when space is limited.

- Bumper-guard edging with steel reinforced vinyl
- Protects cylinders from damage while providing extra grip
- Optional 41 in. (104.1cm) secondary support chain for improved safety during installation
 - Stainless-steel 2/0 chain, 19-085-856
 - Steel 2/0 chain, 19-063-131
- Designed for wall mounting applications
- Heavy-duty polypropylene support straps [1.5 x 54 in. (3.8 x 137.2cm)]
- Holds 1138 lb. (516kg)
- Features side latch or steel cinch buckle

Compliance: OSHA, CGA P1, NFPA55.

Warranty: One year.

Material	No. of Cylinders/Dia.	Mfr. No.	Cat. No.	Quantity

Safety Cabinets

**Justrite™
Sure-Grip™
EX Compac
Flammable
Safety Cabinet**

Provides protection when space is at a premium.

- Protects workers, reduces fire risks, and allows storage of flammable fuels and chemicals
- Stores up to 12 gal. (45.4L)
- Double-wall construction helps prevent the spread of flames
- Dual vents allow hazardous vapors to be piped away
- High-visibility Haz-Alert™ reflective warning labels provide added safety during power outages or fires
- Self-latching doors facilitate fire protection of the cabinet
- SpillSlope™ safety shelf directs spills to back and bottom of leakproof sump
- Adjustable leveling feet
- Door reads: “Flammable Keep Fire Away”

Compliance: Meets NFPA and OSHA requirements. Self-closing model complies with Uniform Fire Code.

Certification: FM approved. Self-closing model, UL listed.

Warranty: Ten years.

Facility and Lab Safety

Maintenance

Abrasive Pads

3M™ Scotch-Brite™ Ultra-Fine Hand Pad 7448

Long-lasting and consistent abrasive action for cleaning, finishing, and buffing.

- No need to adjust, turn over, or continue the same project with a new pad
- Ultra-fine finishing action outperforms steel wool for cleaning, blending, prepping, and finishing on metal, wood, plastics, and composites
- Performs like steel wool grade 00 without shredding, rusting, or splintering

Material	L x W	Color	Mfr. No.	Cat. No.	Quantity
Ultra Fine-Grade Silicon Carbide	6 x 9 in. (15.2 x 22.8cm)	Gray	04028	19-047-254	20/Pack

U.S. Only

3M™ Scotch-Brite™ General-Purpose Hand Pad 7447

Suitable for use on wood, metal, plastics, ceramics, porcelain, glass, rubber, or composites.

- Superior alternative to steel wool, wire brushes, sandpaper, and other non-woven products for cleaning or finishing tasks
- Very fine grade aluminum oxide abrasive cleans, finishes, grains, denibs, and defuzzes

Material	L x W	Color	Mfr. No.	Cat. No.	Quantity
Very Fine-Grade Aluminum Oxide	6 x 9 in. (15.2 x 22.8cm)	Maroon	04029	19-047-255	20/Pack

U.S. Only

3M™ Scotch-Brite™ Heavy-Duty Hand Pad 7440

Excellent choice for heavy cleaning, deburring, and finishing applications.

- Cuts fast to remove coatings and corrosion
- Performs similar to steel wool grade 4 without shredding, rusting, or splintering

Material	L x W	Color	Mfr. No.	Cat. No.	Quantity
Medium-Grade Aluminum Oxide	6 x 9 in. (15.2 x 22.8cm)	Tan	04050	19-047-252	20/Pack

U.S. Only

3M™ Scotch-Brite™ Pad Holder

For use with Scotch-Brite hand pads.

- Sturdy and easy to load
- Comfortable hand grip
- Gray

Material	L x W	Color	Mfr. No.	Cat. No.	Quantity
Plastic	4.75 x 3.5 in. (10.16 x 7.62cm)	Light Gray	09493	19-047-256	Each

Apparel

DuPont™ Tyvek™ 122S Series Coveralls

Provide comfort that enables a greater range of movement while stretching and bending.

- Offer reinforcement in high-stress areas for fewer blowouts
- Hood is attached and has elastic around face opening to fit the respirator face mask
- Designed to cover neck and chin
- Feature attached boots with a special coating for skid resistance
- Longer zipper for easier donning and doffing
- Elastic wrists, waist, and ankles
- Serged seams
- White

Compliance: Meet USDA, FDA, and OSHA standards.

Alerts: Garments made of Tyvek should not be used around heat, flames, sparks, or in potentially flammable or explosive environments.

Selecting the Right Glove Size

Use the size chart below to help you select the right gloves. Simply measure the circumference of your hand around the palm area.

Glove Sizes	Hand Circumference
X-Small, 6	6 to 7 in. (15.2 to 17.8cm)
Small, 7	7.5 to 8 in. (19.1 to 20.3cm)
Medium, 8	8.5 to 9 in. (21.6 to 22.9cm)
Large, 9	9.5 to 10 in. (24.1 to 25.4cm)
X-Large, 10	10.5 to 11 in. (26.7 to 27.9cm)
2X-Large, 11	11.5 to 12 in. (29.2 to 30.5cm)
3X-Large, 12	12.5 to 13 in. (31.8 to 33.0cm)

Glove sizing varies by manufacturer, origin, and style.

Confined Space

Brady™ Manhole Cover

Reads “Danger Confined Space: Permit Required for Entry.”

- Improves workplace safety
- Polyester construction
- Abrasion and chemical resistant
- Printed on polymer plastic and laminated with a clear plastic to protect graphics
- Lasts up to eight years outdoors and longer indoors
- Strong adhesive back

Message	L x W x H	Mfr. No.	Cat. No.	Quantity

Fall Protection Equipment

Honeywell Miller™ ShadowLite™ Beam Anchor

Slides along the beam with the worker.

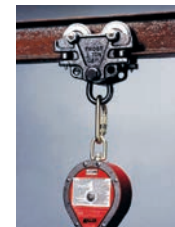

- Made of high-strength aluminum and bronze
- Fits flanges from 3 to 14 in. (7.6 to 35.6cm)
- Maximum flange thickness: 1.25 in. (3.2cm)
- Weight: 4.2 lbs. (1.9kg)

Compliance: Meets OSHA 1910.66 and OSHA 1926.502 (d); ANSI A10.32 and ANSI Z3592007 requirements.

Load Capacity	Mfr. No.	Cat. No.	Quantity
400 lb. (181.4kg)	8816-14/	19-161-166	Each

[†]U.S. Only

Honeywell Miller™ Anchor Beam Trolley

Offers a lightweight and adjustable option.

- Slides along with worker for maximum mobility
- Adjusts to fit beam flanges from 3 to 4.5 in. (7.6 to 11.4cm) wide

Load Capacity	Mfr. No.	Cat. No.	Quantity
400 lb. (181.4kg)	9065/BK	19-034-349	Each

Gas and Vapor Detectors

Blackline Safety™ G7c Device with Multi-Gas Diffusion Sensor

Can be configured to support one to five gas sensors.

- Integrated cellular connectivity
- Highly-customizable
- Lightweight, long lasting, and rugged
- Two-way text messaging
- Optional two-way voice communication, push-to-talk capability, or professional live monitoring
- Data is collected by the devices and communicated to the Blackline Safety Cloud
- Assisted GPS location technology
- Comes ready to use
- Automated fall, no-motion, and missed check-in detection and alerts

Warranty: Lifetime.

GOJO™ Industries Purell™ Professional Advanced Fragrance-Free Hand Sanitizer Gel

Kills more than 99.99% of germs that can cause illness.

- Outperforms other hand sanitizers ounce for ounce
- Made with naturally renewable ethanol
- Clinically-proven formulation maintains skin health
- Dye and fragrance free
- Supports LEED certification criteria; green certified
- AT-A-GLANCE refills provide the easiest way to see when a replacement is needed
- SANITARY SEALED refill bottles are easy to recycle
- Capacity: 1200mL

GOJO™ Industries MICRELL™ Antibacterial Lotion Soaps

Formulated with a quick-acting antimicrobial agent (PCMX) to kill germs.

- Ideal for frequent use in a variety of food service settings
- Lightly scented
- Effective degreasing agent
- Gentle on hands
- Dermatologist tested
- pH Range: 7 to 10

Compliance: TSCA, 15 USC 2602(z) (B), FDA, WHMIS.

GOJO™ Industries Scrubbing Towels

Clean the toughest soils whenever and wherever.

- Made of durable, dual-textured material
- Premoistened with a powerful cleaning solution; no water is needed
- Remove tough soils and quickly absorbs dirt
- Extra-large for superior cleaning capacity
- Contain skin conditioners to help prevent dryness and irritation
- For use anywhere heavy-duty cleaning is required
- pH Range: 4.5 to 8.5

3M™ Aluminum Foil Tape 425

Helps dissipate heat while improving heating and cooling efficiency.

- Thermally conductive, resistant to chemicals
- Acrylic adhesive for long-term durability
- Removes cleanly after harsh masking applications
- Withstands exposure to flame, weathering, moisture, and UV
- Protects surfaces and enhances lighting efficiency
- Conforms to curved and uneven surfaces
- Ideal for heat shielding, heat reflecting, chemical masking, light enhancement, chemical milling, seaming, sealing and de-paint operations
- Thickness: 4.6 mil

Wire Marker Labels and Heat Gun

Brady™ PermaSleeve™ Polyolefin Label Maker Cartridge

For use in harsh environments.

- Durable and fits snugly around wire
- Saves time during installation
- 3:1 shrink ratio
- Chemical, corrosion, UV resistant, and flame retardant
- Use with BMP51, BMP53, and BMP41 printers
- One cartridge contains 80 labels

Brady™ Sleeve Heat Gun

Provides fast, even shrinkage of Brady™ BradySleeve™ and Brady™ PermaSleeve™ marking sleeves and other heat-shrinkable tubing.

- Conforms heat-shrinkable markers tightly to wire
- Deflector shield evenly distributes forced air heat
- Requires a minimum temperature of 500°F (260°C) around sleeves of up to 0.75 in. (1.9cm) diameter for uniform shrinkage
- Sturdy base with rubber pad allows hands-off operation

Carts

Metro™ Super Erecta™ 4-Tier Caster Cart

Holds up to 900 pounds (408kg) and is easy to assemble.

- Chrome wire shelves and plated posts
- Minimizes accumulation of dust, and allows air circulation and greater visibility
- Two swivel and two brake polyurethane stem casters
- Posts have rolled, circular grooves at 2.5cm intervals along entire height and the design provides a visual guide for positioning and adjusting shelves
- Includes four shelves, posts, plastic split sleeves, donut bumpers, two swivel/two brake polyurethane casters

Warranty: Product will be free from defects in material and workmanship under normal use, service, and maintenance for a period of one (1) year from the date of shipment of the product by seller, unless otherwise specified by seller in writing.

Gas Cylinder Equipment

Justrite™ Six-Cylinder Wheeled Cart

Holds six cylinders in a vertical position.

- Constructed from 7- and 11-gauge hot rolled steel
- Reinforced with three sets of support bars for strength and rigidity
- Lowered deck (1.75 in. [4.4cm] off ground) makes cylinder loading easy and safe
- Edges are protected with steel-reinforced vinyl
- Steel parts are sealed with powder coat paint to ensure long service life and chemical resistance
- Polypropylene support straps (two per cylinder station) with steel cinch buckles

Help comply with OSHA, NFP1, NFPA 55, and CGA.

Capacity	Load Bearing Capacity	L x W x H	Mfr. No.	Cat. No.	Quantity
Holds Six Cylinders: 12 in. (30.5cm) Dia.	2000 lb. (907.2kg)	55 x 24 x 37 in. (139.7 x 60.96 x 93.98cm)	35058	17-989-112	Each

Justrite™ Single-Cylinder Hand Trucks

For safe, convenient transport of medical, industrial, and commercial use gases.

- Designed and built in the U.S. using American steel, labor, assembly, packaging, and finishes
- Configured for one cylinder with semi-pneumatic wheels
- Swing-down steel carriages allow use of rear swivel casters for additional safety and control
- Detachable handle for shipment
- Powder coated for durability
- Constructed from heavy 11-gauge steel with 3/16 in. (0.5cm) steel supports and round steel tubing
- Polypropylene support strap with steel cinch buckles
- Fully welded

Help comply with OSHA, NFP1, NFPA 55, and CGA.

Load Bearing Capacity	Wheel Size	L x W x H	Mfr. No.	Cat. No.	Quantity

Justrite™ Gas Cylinder Barricade Racks

Meet USGS high-hazard seismic zone requirements when properly mounted.

- Recommended for indoor or outdoor cylinder storage
- Cylinders surrounded by 2 in. (5.1cm) square steel structural tubing
- Continuous seam welded at all junction points
- Exterior grade powder-coat paint ensures long-lasting strength, durability, and dependability
- High-density polyethylene (HDPE) caps prevent corrosion and injuries
- Feature two levels of welded steel chains for each cylinder and clasps to connect the chains to the rack, ensuring a snug fit
- Predrilled with 0.531 in. (1.4cm) diameter floor mounting holes on lower tube structure

Note: For seismic installations, add S4-rated anchor bolts (19-085-847, not included).

Compliance: OSHA, CGA P1, NFPA 55.

Warranty: One year.

ANSI/ISEA Standards for Cut Resistance

Find the right level of cut resistance for your workplace. Refer to the table below to understand how this may impact your product selection. Contact your Fisher Scientific safety specialist to learn more.

ANSI/ISEA 105-2016 Cut Resistance Levels*	Cut Hazard
A1 (200 to 499g)	Light
A2 (500 to 999g)	Light to Medium
A3 (1000 to 1499g)	
A4 (1500 to 2199g)	Medium
A5 (2200 to 2999g)	Medium to Heavy
A6 (3000 to 3999g)	High
A7 (4000 to 4999g)	
A8 (5000 to 5999g)	
A9 (>6000g)	

* Weight (in grams) needed to cut through material with 20mm blade travel, measured by a Tomodynamometer Test Machine (TDM)

Shovels

Remco™ One-Piece Shovel

Perfect for bulk materials, and cleaning and sanitation programs.

- Polypropylene construction
- Tough, lightweight, and hygienic
- Helps with cross contamination and food safety, or HACCP programs
- Popular for meat, dairy, seafood, and poultry processing, as well as commercial fishing and other food handling applications

Compliance: Made from FDA-compliant raw materials.

Safety and Security

Badges

Brady™ SecurAlert Clip-On Badges

Prevent unauthorized use of visitor, contractor, and temporary passes beyond their intended use periods.

- Low-cost, clip-on alternative to self-adhesive badges
- Self-expiring
- 3 x 3 in. (7.6 x 7.6cm) slotted cards

Expiration Length	Color	Mfr. No.	Cat. No.	Quantity
1 Day	White	95667	19-103-169	500/Pack
1 Week	Green	95671	19-103-173	
	Red	95668	19-103-170	
	White	95652	19-103-154	

Ergodyne™ Squids™ Arm Band ID/Badge Holder 3386

Keeps ID out of the way, yet accessible.

- Elastic band with hook and loop fits a wide range of arm sizes
- Worn around the arm
- Durable vinyl construction
- Fits various arm sizes
- Protects ID badge

For ID Badges	Mfr. No.	Cat. No.	Quantity
4 x 2.5 in. (10.2 x 6.4cm)	19950	19-130-3597	24/Case

Brady™ TIMEspot™ Badge

Minimizes the unauthorized use of badges.

- Self-expiring circle lasts one day
- Application of the TIMEspot over the printed back activates badge

Use For	Mfr. No.	Cat. No.	Quantity
Visitors	95637	19-103-133	500/Pack
Contractors	95638	19-103-134	

Brady™ Hot Weather Temporary Parking Permit

Monitors temporary parking with ease.

- Perfect for weather over 80°F (25°C)
- Expires on its own, revealing the letters E-X-P-I-R-E-D
- Expiration process starts when the self-adhesive cover is applied

Size	Mfr. No.	Cat. No.	Quantity
5 x 3 in. (12.7 x 7.6cm)	95680	19-104-368	Each

Chums™ Retractable ID Lanyard

Offers high resistance to solvents, alkalis, and acids, plus abrasion and rot.

- Durable UV and water-resistant nylon
- Reconnecting breakaway pulls apart with six pounds of pressure and reattaches easily for continued use
- Made in the U.S.

Extends to	Color	Mfr. No.	Cat. No.	Quantity
36 in. (91.4cm)	Black	11057	19-808-7041	Each

Flashlights

Coast™ HP7R 300 Lumen Rechargeable Focusing LED Flashlight

Perfect for any law enforcement official, serious professional, or hardcore adventurer.

- Combines a long-range optic system with slide focus and a lightweight aluminum body
- Harnesses either lithium or alkaline power using a micro USB
- Adapts to a variety of situations
- Impact and weather resistant, and virtually unbreakable
- 300 lumen beam at high output, 30 lumen beam at low output
- Reaches up to 1154 ft. (351.7m) and lasts up to 7 hrs. at high power
- Includes two lithium batteries

Compliance/Certification: ANSI/FL1 standards.

Warranty: Lifetime.

Portals

Fisher™ Research Labs M-Scope™ Walk-Through Metal Detector

Offers a portable option for temporary or permanent use.

- User-friendly control panel with programmable memory and a sealed keypad
- Assembles without tools in less than five minutes
- Three sensor zones with brilliant LED detection indicators; 100 levels of adjustable sensitivity
- Indoor or outdoor use (not in inclement weather)
- Universal power adaptor/charger (adaptor kit available for non-U.S. receptacles)
- Operates approximately 40 hours on rechargeable batteries (included)
- Multiple units may work within close proximity to each other
- Meets regulatory standards: NILECJ-0601.00
- Weight: 83 lbs. (37.6kg)

Warranty: Two years.

Size	Weight	Electrical Requirements	Mfr. No.	Cat. No.	Quantity

Pointed Tip	10539	18-222-832	

Slice™ Utility Knives

Feature a durable glass-filled nylon handle and finger-friendly™ safety blade.

- Compatible with Slice Safety Blades (18-222-822 and 18-222-823)
- Stays sharp 11 times longer than metal blades
- Reduce injuries, lower costs
- Non-conductive, non-magnetic blade never rusts
- Change blade orientation for left- or right-handed use
- Lanyard hole keeps tool handy
- No tool required to change blades
- Blade extends to four different cutting depths

Color	L x W	Weight	Mfr. No.	Cat. No.	Quantity

ANSI/ISEA Standards for Cut Resistance

Find the right level of cut resistance for your workplace. Refer to the table below to understand how this may impact your product selection. Contact your Fisher Scientific safety specialist to learn more.

ANSI/ISEA 105-2016 Cut Resistance Levels*	Cut Hazard	Common Work Tasks
A1 (200 to 499g)	Light	Assembly, maintenance, material handling, shipping, and receiving
A2 (500 to 999g)	Light to Medium	Assembly, appliance manufacturing, automotive, construction, maintenance, material handling, and metal handling
A3 (1000 to 1499g)		
A4 (1500 to 2199g)	Medium	Appliance manufacturing, automotive, construction, glass and metal handling, machining, metal stamping, and paper production
A5 (2200 to 2999g)	Medium to Heavy	
A6 (3000 to 3999g)	High	Assembly or movement of large, bulky, or heavy objects with sharp edges; also recommended for assembly or movement of items that are difficult to grip.
A7 (4000 to 4999g)		
A8 (5000 to 5999g)		
A9 (>6000g)		

* Weight (in grams) needed to cut through material with 20mm blade travel, measured by a Tomodynamometer Test Machine (TDM)

Shipping Labels

Fisherbrand™ DOT Shipping Labels

Help mark packages containing hazardous materials.

- Meet requirements in 49CFR for P.O.P. (Performance Oriented Packaging) labeling of hazardous material shipments
- Must be left on packaging until sufficiently cleaned of residue and purged of vapors

Ansell

FOCUS ON SAFETY

TO IMPROVE YOUR BUSINESS PERFORMANCE

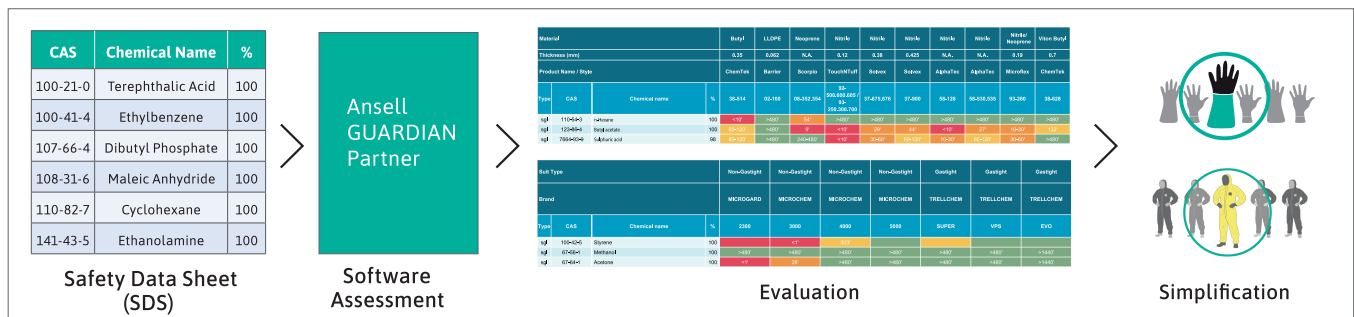

AnsellGUARDIAN™ is our proprietary service to help companies select the right personal protective equipment to improve their safety, productivity, and cost performance.

We take an integrated approach, partnering with organizations around the world to address the challenges in today's PPE environment and deliver measurable safety and business improvements

CHEMICAL GLOVE AND SUIT SELECTION SIMPLIFIED

AnsellGUARDIAN Partner simplifies the glove and suit selection process for your unique set of chemicals.

This service evaluates the resistance of glove and suit materials against your chemicals to offer a risk assessment with expected permeation breakthrough times. This assessment can either be carried out during a personal consultation with one of our AnsellGUARDIAN specialists or online using our chemical permeation database. As a result, selecting the right chemical glove and suit has never been easier.

Visit fishersci.com/ansellguardian or fishersci.ca/ansellguardian to learn more.

Facility and Lab Safety

Traffic Controls

Anti-Slip Tape

Accuform™ Skid-Gard™ Floor Tape

Creates a high-traction surface to prevent slips, trips, and falls.

- Used on walkways, ramps, loading docks, steps, and stairways
- Wear, weather, and water resistant in indoor and outdoor environments
- Installs quickly with high-tack acrylic adhesive back
- Adheres to almost any clean, smooth, dry surface
- Maintains a waterproof seal, resisting sliding, buckling, wrinkling, and peeling
- Layered with 60-grit aluminum oxide compound on thick PVC
- W x L: 4 in. x 60 ft. (10.2cm x 18.3m)

For Use	Color	W x L	Mfr. No.	Cat. No.	Quantity
